

PANTHER POWER

TECHNICAL DATA SHEET

BOAT WASH, WAX AND SHINE

PROFESSIONAL CLEANING SYSTEMS

Directions for use

Ideal for cleaning boats, moto cars, trucks, bus bodies, trailers, caravans, bikes, etc.

- **Manual Washing:** Dissolve the required amount of PANTHER POWER Boat Wash, Wax and Shine in a bucket of water, preferably lukewarm. Using a sponge or cloth apply solution onto the surface to be cleaned. Then rinse with tap water, and dry using a soft clean dry cloth.
- **Machine Washing:** Dilute PANTHER POWER Boat Wash, Wax and Shine as prescribed in a drum or tank and use via high pressure or brush-rotating machine. Rinse with tap water and allow to dry.
- PANTHER POWER Boat Wash, Wax and Shine can be used by machine and manual applications. For use in automatic car wash rotating brush machines, dilute 1-200. For normal manual cleaning, dilute 1-100.

This data sheet and the information it contains is believed to be accurate as of the date of printing. However, to the extent that it is permissible by law to exclude warranties and representations, no warranty or representation, express or implied, is made as to its accuracy or completeness. Data provided is based on standard tests under laboratory conditions and is given as a guide only. Users are advised to ensure that they refer to the latest version of this data sheet. It is the responsibility of the user to evaluate and use products safely, to assess suitability for the intended application and to comply with all applicable laws and regulations.

No responsibility is taken by either PANTHER POWER or its subsidiaries for any damage or injury resulting from abnormal use of the material, from any failure to adhere to recommendations, or from hazards inherent in the nature of the material. All products, services and information supplied are provided under our standard conditions of sale. You should consult our local representative if you require any further information.
